CORZO

CORZO is an advanced rehab buggy available in 4 sizes. The frame has a range of built-in adjustments such as seat depth and height to keep the buggy growing with the child. Corzo can be fitted with supportive accessories to enable it to be used as a short term transit buggy for users with severe seating needs. Fully foldable undercarriage is produced from lightweight alloy profiles with powder coating finish. Buggy is designed with easy and optimized buggy folding system, wheels of 175/265 mm, light frame, 5-point harness ensuring high safety and comfortable handling. Those features make the products very well suitable for in-town conditions and public transportation, but as well as for light outdoor activities.
